

Emory Farmhouse

Driftwood

This collection is exclusive to Brixy, the North American network of independently owned baby stores. Franklin & Ben has worked with independent retailers since 1990 and is proud to support Brixy and the shop local movement.

Inspired by timeless farmhouse charm, the Emory Farmhouse Collection adds a refined rustic feel to your nursery space. Drawing from hand-crafted barn doors and contemporary country style, the thoughtful X-brace design and textured scratch finish combine modern and rustic design to reflect the collection's unique character.
